

1. Product and Company Identification**Product Identifier**

Product Name: BugBandTowelettes With Insect Repelling Lotion
General Use: Insect Repellent

Recommended/Restricted Use

Identified Uses: Mosquito Repellent
Restrictions: N/A

Manufacturer

Beaumont Products, Inc.
1560 Big Shanty Drive
Kennesaw, GA 30144
(800) 451-7096

Emergency Contact Information

Company Name: CHEMTEL
Phone Number: (800) 255-3924; Int'l: 1-813-248-0585

Registration Information

EPA FIFRA 25(b) exempt product, 40 CFR 180.950

2. Hazard Identification**GHS Classification**

Eye Irritant (Category 2A)
Skin Sensitizer (Category 1)

GHS Label Elements, Including Precautionary Statements

Pictogram

Signal Word: WARNING

Hazard Statement(s):

H319 Causes serious eye irritation.
H317 May cause an allergic skin reaction

Prevention Precautionary Statement(s):

P102: Keep out of reach of children.
P103: Read label before use.
P280 Use eye protection while applying this product.
P264 Wash hands thoroughly after handling.
P280 Wear protective gloves/protective clothing/eye protection/face protection under industrial use conditions..

Response Precautionary Statement(s):

P305+P351+P338 If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

P337+P313 If eye irritation persists: Get medical advice/attention.

HMIS Classification

Health Hazard: 1
Flammability: 0
Physical Hazards: 0

NFPA Rating

Health Hazard: 1
Fire: 0
Reactivity Hazard: 0

Other Hazards:

Keep out of reach of children. Choking Hazard. Use only with adult supervision. Adults should apply lotion to the face and eye area of children, being careful to avoid eyes. After application, be sure to wash hands before touching near eye

3. Composition/Information on Ingredients

Chemical Name	Volume %	CAS Number
Geraniol	15.00	106-24-1
Soybean Oil	3.75	8001-22-7
Peppermint Oil	0.34	8006-90-4
Rosemary Oil	0.30	8000-25-7
Geranium Oil	0.04	8000-46-2

4. First Aid Measures

Description of First Aid Measures

General Advice:	If you feel unwell, seek medical advice and take product label to your medical provider when possible.
Inhalation	Unlikely, but if effected, move victim to fresh air and keep in a resting position comfortable for breathing. Call a Poison Control Center or a doctor/physician if you feel unwell.
Skin Contact	Flush exposed skin with warm water and soap. If irritation or rash occurs, immediately seek medical advice/attention, remove any contaminated clothing and wash it before reuse.
Eye Contact	Flush thoroughly with clean water for 15 minutes. If contact lenses are used, remove lenses and continue rinsing eyes under eyelids with clean water. If irritation persists, get immediate medical advice/attention.
Ingestion	Rinse mouth with water if alert. Do not induce vomiting. Call a doctor or Poison Control Center immediately for advice/attention if you feel unwell.
Self Protection of the First Aider:	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. Firefighting Measures

Suitable Extinguishing Media	Water, Foam
Unsuitable Extinguishing Media	N/A
Specific Hazards Arising from the Chemical	Combustion Products: Carbon dioxide, carbon monoxide
Special Protective Actions for Firefighters	Use protective equipment appropriate for firefighting surrounding materials.

6. Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures	After applying lotion wash hands before touching eye area. See Section 8 for more information. Use this product in accordance with label instructions.
Environmental Precautions	Refer to precautionary and protective measures listed in sections 7 and 8. Prevent further spillage or leakage if safe to do so. Prevent any spill entry into sewers or public waters.
Methods and Materials for Containment and Cleaning Up	Small Spills: Mop Up Large Spills: Dike area, pump to a intact container Cleanup Procedures: Mop up

7. Handling and Storage

Precautions for Safe Handling	Leave in containers and cartons. Handle in accordance with good industrial hygiene and safety practice. Use personal protective equipment as required. Use this product according to package label instructions. After applying lotion wash hands before touching near eyes.
Conditions for Safe Storage, Including any Incompatibilities	Store in a cool dry place. Avoid freezing or abnormally high temperatures.

8. Exposure Controls/Personal Protection

Control Parameters	Only in rare cases where sensitization to the lotion has occurred, should the wearer avoid breathing vapors or wear gloves to apply the band to others. If sensitized, and irritation does occur, discontinue use of lotion, wash any skin contacted by lotion with soap or water, and wash any contaminated clothing before reuse.
Individual Protection Measures, Personal Protective Equipment (PPE):	
Eye/Face Protection:	Wash hands after applying lotion and before touching eye area.

Skin Protection:	Wash skin with soap and water after outdoor activities are completed. Although very uncommon, do not apply to sensitized individuals.
Respiratory Protection:	IF SENSITIZATION HAS OCCURRED, do not breath vapors of lotion.
Thermal Hazards:	N/A

9. Physical and Chemical Properties

Physical State	Emulsion
Color	Off-White, Cream colored
Odor	Citrus, Rose-like
Odor Threshold	N/D
pH	Neutral
Specific Gravity	0.94-0.98
Melting Point/Freezing Point	N/D
Initial Boiling Point	100°C
Flash Point	N/D
Flammability (solid/gas)	N/A
Vapor Pressure	17.2 mmHg @ 20°C
Vapor Density (Air=1)	0.61-0.63
Relative Density	N/D
Water Solubility	Complete
Auto-Ignition Temperature	N/A
Decomposition Temperature	N/D
Viscosity	N/D

10. Stability and Reactivity

Reactivity:	This product is stable and non-reactive when stored in sealed container at normal conditions of use, storage, and transport.
Chemical Stability	Stable when stored in sealed container at normal temperatures and conditions of use, storage, and transport.
Possibility of Hazardous Reactions	Hazardous polymerization will not occur.
Conditions to Avoid	Avoid direct sunlight and moisture. Avoid heat and freezing conditions. Avoid storage with incompatible materials including strong oxidizing agents.
Incompatible Materials	Acids, salts, quarternary compounds.
Hazardous Decomposition Products	N/A

11. Toxicological Information

Acute Toxicity

Dermal LD ₅₀	greater than 5000 mg/kg
Oral LD ₅₀	greater than 3600 mg/kg
Inhalation Lc ₅₀	N/D

Eye Irritation:	This product contains components that are known to be irritating to eyes upon contact.
Skin Sensitization:	See Respiratory or Skin Sensitization below.
Respiratory Sensitization:	See Respiratory or Skin Sensitization below.

Respiratory or Skin Sensitization

This product was Dermatologist-Tested through repeat insult patch testing (RIPT) and was not associated with clinically significant skin irritation or allergic contact dermatitis in human subjects.

Chronic

None known

Carcinogenicity

This product is not classified as a carcinogen by NTP, IARC or OSHA

Reproductive Toxicity

None Known

Teratogenic Effects

None Known

Mutagenicity

None Known

12. Ecological Information

Environmental Data

No data available. Product completely biodegradable.

13. Disposal Considerations

Disposal Methods Observe all Federal, Provincial, State and Municipal regulations. If possible, recycle empty container.
Dispose of in sanitary landfill.

14. Transport Information

Non-hazardous.

15. Regulatory Information

OSHA Hazard Communication Standard	This material does not contain "Hazardous Chemicals" as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200).
TSCA Status	All chemicals used in this product are either listed or exempt from the TSCA
Signal Word (OSHA Hazard Communication)	WARNING
Signal Word (US EPA Pesticide Products)	CAUTION
Sara 302 Components:	No chemicals used in this product are reportable under SARA Title III, Section 302.
SARA 311/312 Hazardous Categories:	
Acute Health Hazard	Yes
Chronic Health Hazard	No
Fire Hazard	No
Sudden Release of Pressure Hazard	No
Reactive Hazard	No
SARA 313 Components	No chemicals used in this product are reportable under SARA Title III, Section 302.
California Proposition 65, Safe Drinking Water and Toxic Enforcement Act of 1986	This product contains no chemical(s) known to the State of California to cause cancer or other reproductive harm.

16. Other Information

Prepared By:	Beaumont Products, Inc. 1560 Big Shanty Drive; Kennesaw, GA 30144 (800) 451-7096
Date of Latest Revision:	June 19, 2019
Sections of SDS Revised:	Updated regulatory data and GHS Classification to Eye Irritant 2A, added the exclamation pictogram, and adjusted precautionary statements accordingly per GHS standard.
Further Information:	The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. BugBand, Inc. a Division of EES, Inc. shall not be held liable for any damage resulting from handling or from contact with this product.
